Bangka Cultural Wave Festival is a performance parade that has been going on since 2015 in Sungailiat, Pangkal Pinang, and Muntok. Carrying different themes from Naga Penyu (turtle dragon), Admiral Zheng He's World Cultural Academy, to Mother Earth.

This year and onward, this event takes advantage of the Qing Ming (Indonesian: Cheng Beng) momentum, with an underlying theme of "homecoming celebration". For two whole weeks, the parade will display art performances, art installations, mass turtle release, community gatherings, and a lantern parade.
