Jakarta Fashion & Food Festival (JFFF) has a big vision for Indonesia, to elevate the image, dignity, and prestige of the Indonesian people through a cultural-based industry. JFFF is also supported by various parties who share the same vision. The theme of fashion and cuisine is being carried through its three main events: Fashion Extravaganza, Food Festival, and Gading Nite Carnival. JFFF takes place in the Sentra Kelapa Gading Area on May every year. You can see this event as an opportunity to enjoy various local arts as well as to witness the pride of Indonesian people at their own local products.
