Indonesia's umbrella tradition is being explored to its limit on this lively festival of the people. Showcasing the maestros of craftsmen from Indonesias Umbrella Village, an exhibition of umbrella paintings, creative umbrella knittings, a the archipelago's fashion show, to a bazaar of umbrella art.

Art installations and umbrella-inspired architectures decorate the festival's venue, instantly appearing on instagram and other social media. Various traditional umbrella delegations are showcasing their work, such as Thailand, Japan, Brunei, Malaysia, and China. Under the theme of 'Indonesia under an umbrella', iconic performances from the dancing maestros are showcased simultaneously along with young contemporary artists.
